BLUE MOON BEETS

Official Newsletter for Produce Box lovers!

This week is a special week for the medium and large box customers because we have included our own organic, limited **Scarlett Rice**

This divine rice is beautiful, delicious and very intensive to grow! We sampled some last week and it is amazing. A lovely color, very toothsome, with a nutty, earthy flavor. It is also packed with nutrients: The red bran on the rice has high levels of antioxidants and flavonoids that are common in red-colored grains and fruits, along with naturally produced vitamin E.

Cooking instructions

This rice is best cooked with water or broth on the stove using 1 3/4 cups water or broth for 1 cup of rice, and salt as needed.

In your Box This Week!

A Gardener's Box is a perfect gift

We're now offering our Gardener's Box full of vegetable and herb transplants ready to be planted in your garden this spring! All transplants are grown from Certified Organic seed and our own special blend of soil, perfect for starting plants! Box includes: 4 heirloom tomatoes, 3 red salanova lettuce, 3 green salanova lettuce, 3 rainbow chard, 3 curly kale, 3 parsley, 3 basil, 1 mint pot, 3 zucchini, and 3 cucumbers. Order deadline for our Gardener's Box is March 26 at 12pm. Transplants will be ready for pick up or delivery mid-May. We will contact you with an exact date once the transplants are ready to be safely planted in your garden.

Not interested in an entire box? We also sell organic seedling transplants a **la carte** on our online shop! Log onto www.bluemoonacres.csaware.com and click on SHOP and look for A LA CARTE TRANSPLANTS under LIVE PLANTS. You can choose from veggies, herbs and edible flowers! Shop now and we will contact you when they are ready to safely go in the ground. Now is the time to plan your home garden!

Tomatoes, Herbs, Edible Flowers, Peppers, Cucumbers, and More!
